There will also be a huge catering station as well as the possibility for a club presentation on the F 1 pit roof in the drivers' paddock. Furthermore you will have the possibility to drive under guidance on the F 1 track during each lunch break.

Please take note of the special terms to be found in the attachment of Tickets price list.

Not only all the significant representatives in the historic Motorsports (Historic Formula 1 and Formula 2, FiA Lurani Trophy, Ferrari Challenge, Shell Ferrari Historic Challenge, FiA GT und Touring Cars of the 60's and 70's, Orwell Supersports Cup) will be at the starting point but you will be able to see live on the track or in the pit box the modern Recaro Formula 3 Cup as well as the Ferrari F 1 Clienti with the official cars of Michael Schumacher, Rubens Barrichello and Niki Lauda.

As an exceptional highlight, we are giving all participants the chance to participate with their vehicles built up to 1976, in a world record attempt for the Guinness Book of World Records

"The largest rolling automobile museum of the world"
(a minimum of 1000 cars must drive one round on the F 1 race track)

Each participant will receive a certificate

"Member of World Record"

(see Information leaflet regarding the world record attempt).

You will find all the necessary documents like Club Registration form, Application form for the world record attempt, etc. in the download area of our JCR-website
